

YOUR SMARTEST TELECOM INVESTMENT

By outsourcing the management of your company's telecommunication services to American Business Communication (ABC), you are employing an effective business strategy. You immediately experience a return on your investment when ABC manages your telecommunications. With our industry knowledge and expertise, your staff is freed to work on more productive projects related to your core business.

UNTANGLE TELECOM CONFUSION

Telecommunications is more difficult to manage than ever with hundreds of providers and dozens of options available from each. ABC's dedicated experts will analyze and identify the savings, functionality and efficiencies, and work closely with you to develop a coordinated plan that meets your immediate needs and covers your future growth.

ABC:

- Performs all telecommunications analyses
- Audits all telephone-related bills on a regular basis
- Works proactively with current telecom vendors
- Reviews and negotiates telecom contracts
- Keeps up to date on industry information
- Provides easy-to-read reports for ongoing internal management

MAKE OUR RESOURCES YOUR RESOURCES

Telecommunications Management is a prime business function for outsourcing due to its complex and confusing nature. Leverage the knowledge of ABC—a *partner you can trust*.

"In order to focus on our core business and understand the complexity of telecommunications, it made sense to outsource the management of our telecom area to ABC."
